

Fleet Profile Survey

1. Default Section

Welcome to the RMFMA Fleet Profile Survey.

This year, your National Board voted to showcase the types of vehicles and equipment that our fleets represent on our new website.

We recognize the importance of each member agency in RMFMA and want to share with prospective members and associates the diversity and value of our combined fleets.

We also want to share this information with each of our existing members. There is a benefit of being involved in an organization that has the same types of vehicles and equipment as you do.

The Board feels that this is a great opportunity for the manufacturer and distributors to see the potential in supporting our organization. We will be posting a condensed version of our survey results on our web sites home page. We are asking that each fleet organization fill out the survey. We do appreciate your willingness to participate in the survey.

RMFMA understands and respects your privacy. As such, these results will be reported anonymously. Only summary information will appear on our website and NO detail information shared with anyone.

We are asking for your organization name only to ensure no duplicate entries.

1. Which Chapter are you a member of?

Arizona

Colorado

Nevada

Texas

Utah

2. Organization Information:

Organization:

State:

2. Fleet Categories

Please only fill out this survey once for your organization.

Please check with other RMFMA members within your organization and ensure that the data is not entered multiple times.

Enter the information in whole numbers and dollars (i.e. if your replacement value is 124,876.78 please enter 124,877.)

1. Police Sedans

Number of Units

Replacement Value
(dollars)

Fleet Profile Survey
